Federally funded with LSTA funds through the Massachusetts Board of Library Commissioners

THE SCHOOL HAS NO CATALOG

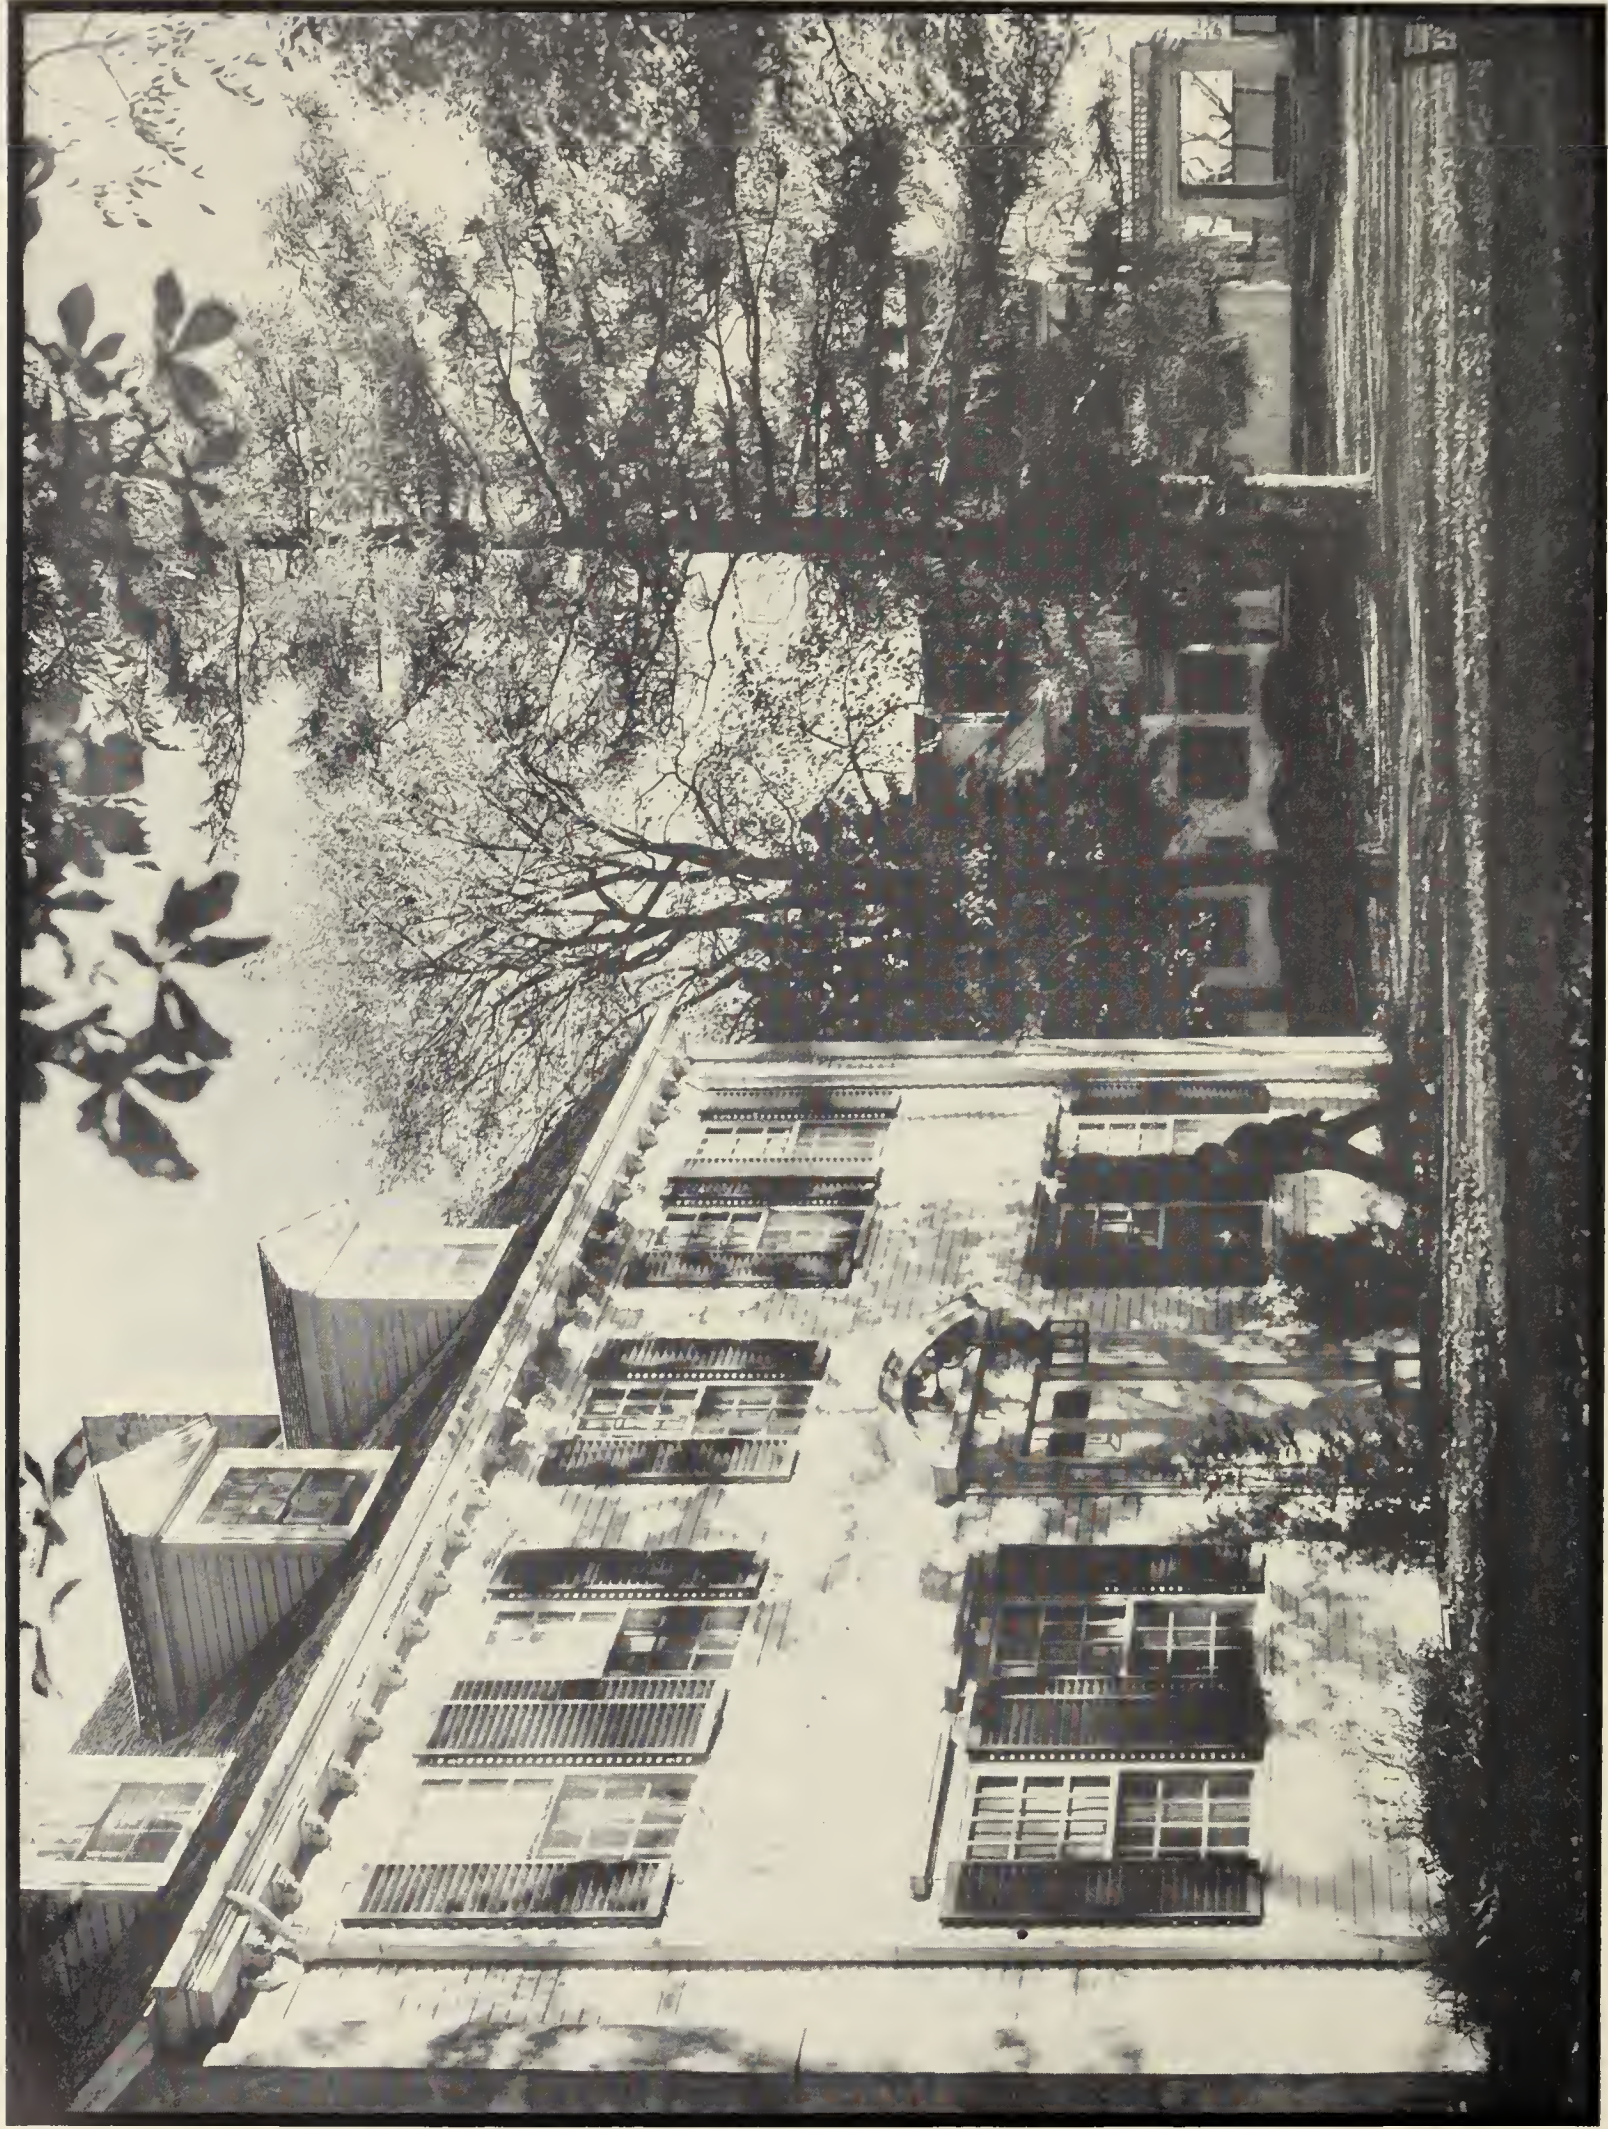

THE school does not publish a catalog. This special issue of the school paper, *THE ARCHON*, is designed not only to replace the usual school catalog but also to provide a more intimate and complete picture of the life of the Academy.

The school will be glad to send additional copies of this booklet to you or to other persons who may wish to secure accurate, interesting, and up-to-date information about Governor Dummer.

The usual format, appearance, and arrangement of the paper have been preserved; the text and most of the photographs are reprinted from the regular issues published during the school year 1936-37. The remainder of the photographs are reprinted from the current issue of *The Milestone*, the school year book, and from the Building Campaign booklet.

An appendix in the last few columns contains a complete list of trustees, masters, and students of Governor Dummer Academy for the school year 1936-37.

174th COMMENCEMENT PLANS MADE AS ACADEMY PREPARES FOR GRADUATION EXERCISES

HEADMASTERS OF ANDOVER, HORACE MANN,
TO BE SPEAKERS AT DINNER
HELD ON MORSE FIELD

On Friday, June 11, the Academy will celebrate its 174th annual Commencement, when the members of the Senior class will receive their diplomas. The program of events has been planned by Mr. Eames and the Commencement Committee which is headed by Edward Donnelly of New Haven, President of the class of 1937.

The traditional Senior Sing will take place at eight in the evening of Thursday, June 10, on Sunset Hill. At this time the class will formally present its gift to the school, and the first copies of the 1937 *Milestone* will be given out.

The Commencement address will be delivered by the Reverend Arthur Lee Kinsolving of Trinity Church, Boston, at the graduation exercises on the campus. The exercises will begin at 10:30 a. m. The presentation of the Morse Flag will be made to a member of the Senior class following the awarding of diplomas, and the final concert by the Glee Club will then be given in the gymnasium.

Luncheon will be served to parents in the new dining hall at 1:30 p. m., and all other guests will be served on the lawn in front of the Mansion House.

The annual home baseball game with Deerfield Academy is scheduled to start at three o'clock on Morse Field.

The final event of the day will be the Commencement Dinner, which will be held in a large tent on the junior athletic field at seven o'clock. Dr. Claude Moore Fuess, Headmaster of Phillips Academy at Andover, will preside.

Dr. Fuess will introduce three speakers following the Dinner. Dr. James Phinney Baxter, 3d, Professor of History at Harvard and Master of Adams House, will speak, as will the Honorable Leverett Saltonstall of Boston. Mr. Saltonstall, a leader in Boston legal and political circles, was formerly Speaker of the Massachusetts House of Representatives. Another speaker will be Dr. Charles C. Tillinghast, Headmaster of the Horace Mann School for Boys in New York.

GOVERNOR DUMMER CHAPTER OF CUM LAUDE ELECTS SIX SENIORS TO MEMBERSHIP

ARTHUR W. EWELL AND WARREN J. HORTON
BECOME HONORARY MEMBERS AT
CEREMONY ON MAY 14

The Governor Dummer Chapter of Cum Laude Society held its annual installation at the school on May 14. The new members of the society are Theodore Bergmann, Edwin Murphy, John Pettibone, Harris Richardson, Melvin Salwen, and Woodbury Smith. Election to membership is on the basis of high scholastic standing.

Dr. Arthur W. Ewell, Trustee of Governor Dummer, was elected an honorary member of Cum Laude, as was Professor Warren J. Horton of M. I. T. who delivered the address of the evening.

Professor Horton talked of the problems of invention which science might attack to correct our present economic situation, which is one of poverty in a land of plenty. There have been no important inventions in the realm of human foods for several hundred years with the exception of cereals, and great advances are possible, he said, in this field and also in those of housing, clothing, and transportation.

Guests at the meeting included Frederick E. Newton and Guy H. Eaton of the Andover faculty, and Alfred R. Wightman and Andrew Longacre of Exeter.

ENROLLMENT OF 136 STUDENTS LARGEST IN SCHOOL'S HISTORY

The addition of nine new rooms on the first floor of Commons, accommodating thirteen boys, has made possible a record-breaking enrollment this year, totaling 136, of which 21 boys are day students, coming from seven different towns in the vicinity of the school. The boarding department of 115 boys includes representatives of seventeen states and one foreign country. More than half of the boys come from homes outside of Massachusetts: New York 21, New Jersey 11, Illinois 7, Connecticut 5, Maine 5, Pennsylvania 4, Rhode Island 3, New Hampshire 2. States represented by one boy each are Ohio, Tennessee, Colorado, North Carolina, Vermont, Texas, Florida, and California.

GLEE CLUB JOINS BANCROFT FOR CONCERT IN WORCESTER

The Glee Club travelled to Worcester on Saturday, April 17, for its annual joint concert with the Bancroft School. The affair was under the direction of Miss Frances O. Weeks of Bancroft and Mr. Arthur W. Sager.

A program of six groups of songs was opened by two stirring Wagner chorales which were sung by the combined clubs led by Miss Weeks. The two clubs each sang two groups of songs, and the concert ended with the combined clubs singing under Mr. Sager's direction.

A dance followed the concert, with the Worcester Tech orchestra supplying the music. The trip was one of the most successful and enjoyable which the Glee Club has ever had.

THE GLEE CLUB

SCHOOL GLEE CLUB BROADCASTS PROGRAM FROM STATION WAAB

Last night the Glee Club sang a program of seven songs at the Hotel Buckminster, Boston, in a radio broadcast over Station WAAB, from 8:00 to 8:30 p. m. It was the first time that most of the members of the Club had sung for an unseen audience, and the experience was an exciting one.

The members of the Club traveled to Boston by bus and had dinner at the Hotel Somerset. At the dinner glee club charms were presented to Mr. Arthur Sager, Director of the Club, and to Mr. Benjamin Stone, accompanist, and Mrs. Stone received flowers in appreciation of her work with the Club this year.

ANNUAL CHRISTMAS DINNER
HELD HERE AS TWENTY-ONE
RECEIVE FOOTBALL LETTERS

HARVARD AND AMHERST FOOTBALL LEADERS,
DR. ALFRED E. STEARNS, ARE
PRINCIPAL SPEAKERS

The annual Christmas Dinner was held here tonight. The dinner, which was held in the Lang Gymnasium, was marked by the awarding of the football letters for the 1936 season and by the naming of the captain of next year's term. Mr. Eames announced that John Barrows will pilot the team through next season.

Barrows has played football at Governor Dummer for two years. Last year he was a substitute on the first team and during the past season he has developed into a strong linesman at the left guard position.

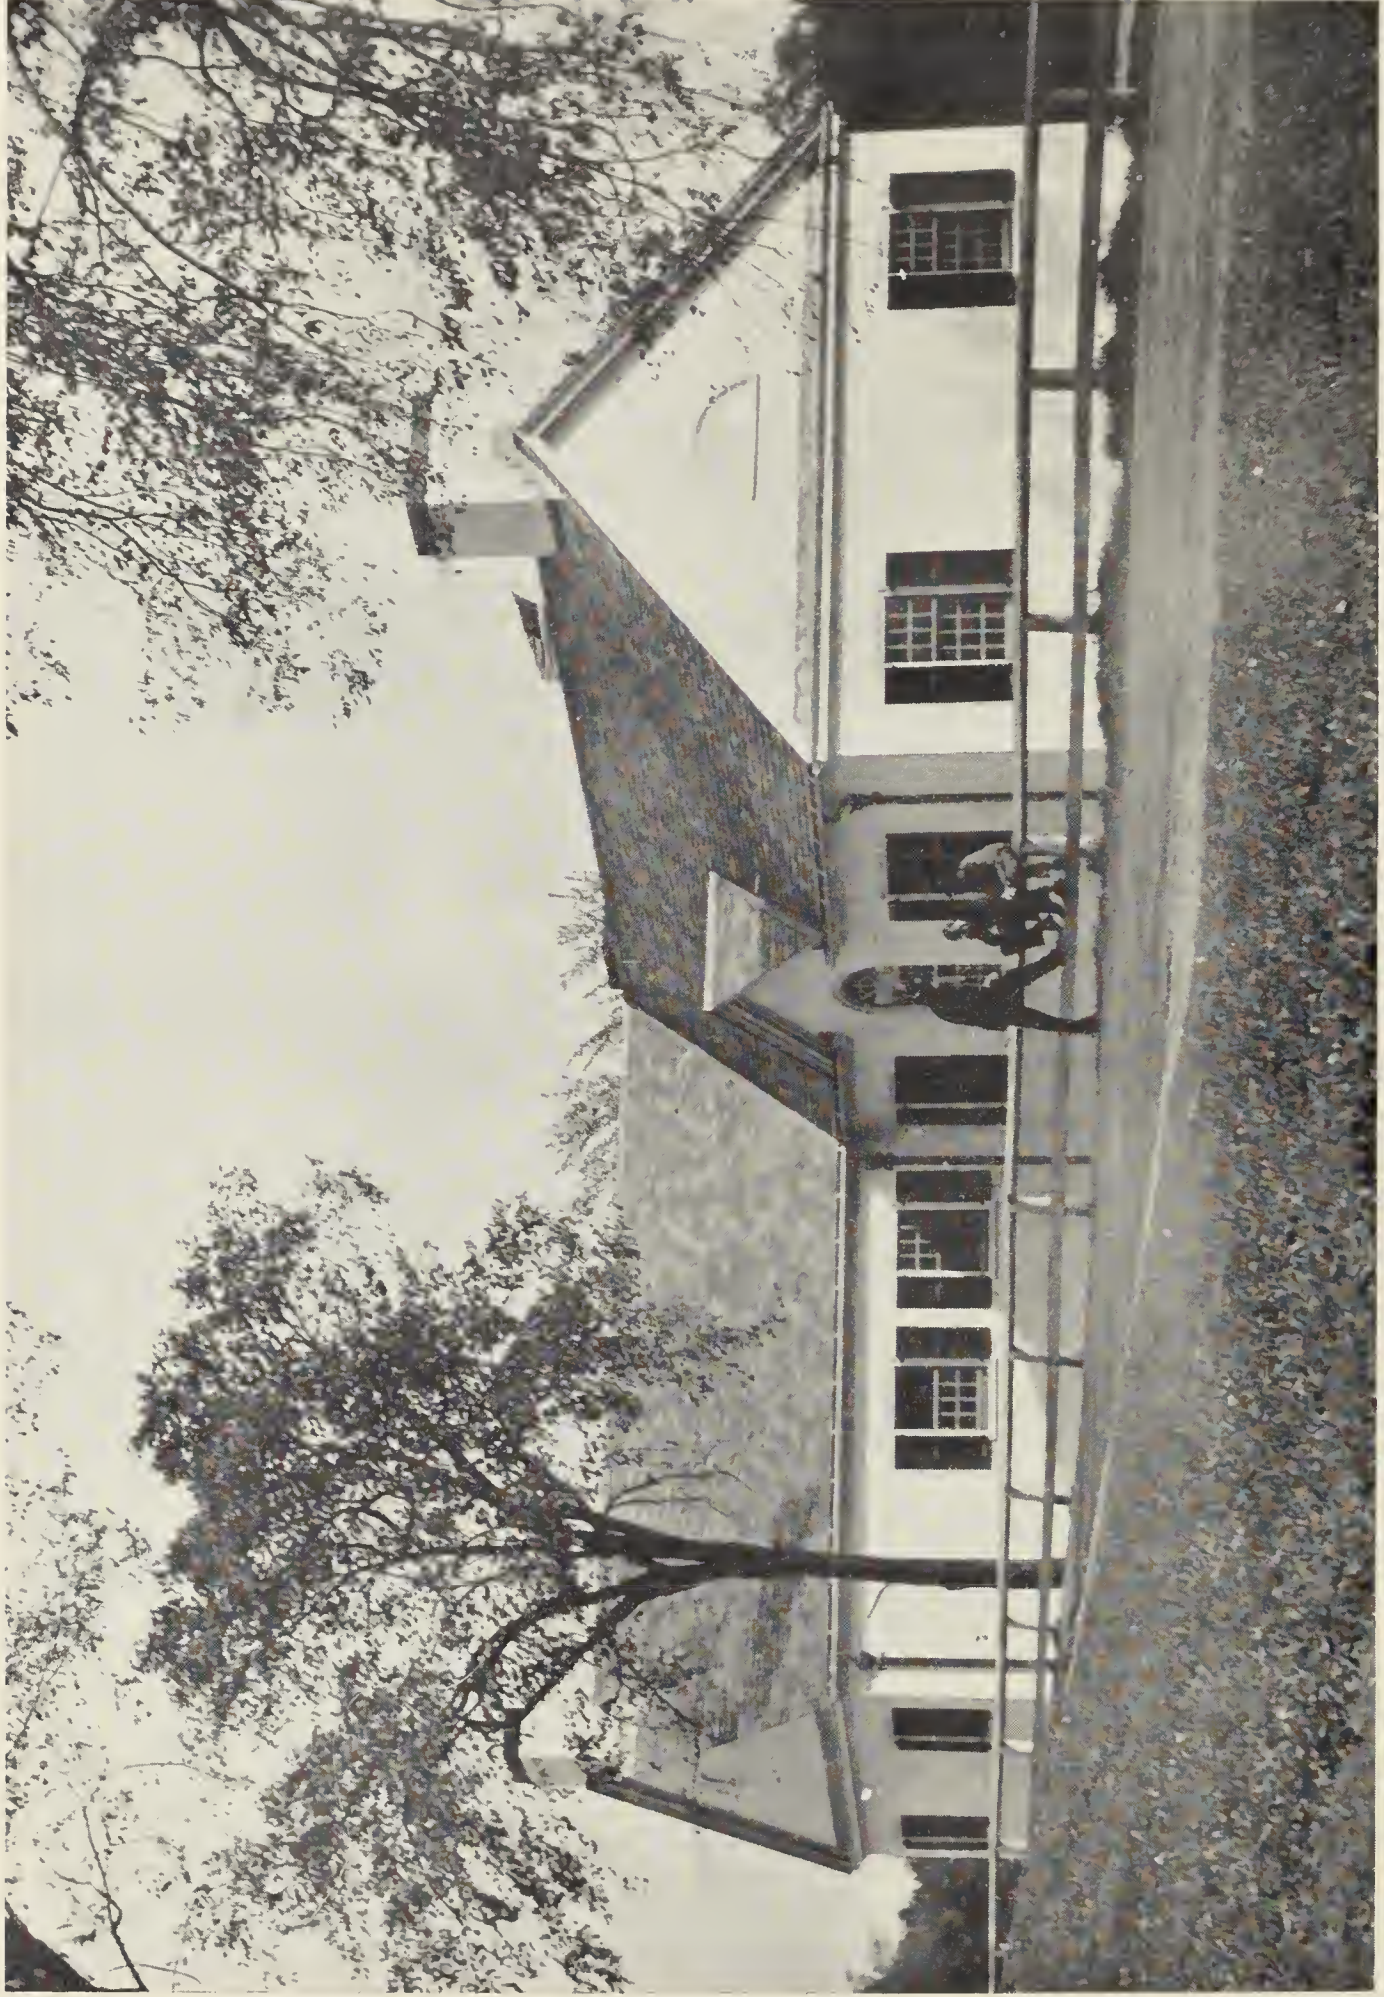

The Reverend Carroll Perry Presides

The Reverend Carroll Perry acted as toastmaster and introduced the following speakers: Mr. James J. Gaffney, Jr., captain of the Harvard football team; Mr. Lloyd P. Jordan, Director of Athletics and Head Coach of foot-

ball at Amherst College; and Dr. Alfred E. Stearns, Headmaster Emeritus of Phillips Academy. The program included group singing under the direction of Mr. Arthur W. Sager of the faculty. There were approximately three hundred people at the dinner, including many parents of boys and neighborhood friends of the school.

Letters were awarded to Edward Donnelly, Thomas Gaffney, John Barrows, Charles Fellows, Clark Neily, Arthur Ross, William Griffith, Robert Cox, Robert Olander, Rollin Steele, Hans Luft, Stanley James, and John Connelly in the line; to Joseph Hoague, Russell Simons, Charles Callanan, Richard Curtis, John Carver, and Michael Lawler in the backfield; and to Robert Redburn and Richard Schanzle, managers of the team.

This year's football team, under the leadership of Edward Donnelly, had a very successful season, winning five games and losing one. The team scored decisive victories over the Andover Reserves, Tabor Academy, Thayer Academy, Harvard Freshmen Seconds, and Portsmouth Priory School. The only loss was to Moses Brown School in the last game of the season.

THE NEW DINING HALL BUILDING, BUILT IN THE SUMMER OF 1936

NEW DINING HALL FINISHED; CONTRACTOR DOES FAST JOB TO OPEN BUILDING ON TIME

FIRST SECTION OF PROPOSED NEW BUILDING
CONTAINS ELECTRICALLY EQUIPPED
KITCHEN AND SERVING ROOM

On the evening of September 30, the opening day of school, dinner was served for the first time in the new dining hall. Headmaster Edward W. Eames said grace and later told of the fine cooperation which had made it possible to have the building ready for use at the opening of school. Since excavation for the foundations had not been started until after Commencement in June, it was only because of the efficiency of all concerned that the project was completed in as short a time as 110 days.

Mrs. James Duncan Phillips, speaking for Mr. Phillips, President of the Board of Trustees, whose interest and assistance have been a major factor in the successful completion of the building, told of Mr. Phillips' hope to see the rest of the new building unit completed as soon as possible.

Builders Overcome Many Delays in Race Against Time

Mr. Walter H. Kilham, of Kilham, Hopkins and Greeley, Boston, has handled a difficult problem of architecture with great success, both from the view point of utility and architectural beauty.

The William M. Bailey Company of Boston, contractors for the building, overcame many time-losing handicaps, and Mr. Gus Gustafson, the company's foreman, won the respect of all the boys and friends of the school who saw him pushing the building work along all through the summer. During the first week of work, a sixty-ton steam shovel became stuck in excavating causing a three-day delay.

The loss of a 750-gallon hot water storage tank by theft, just before it was to be installed, caused another time loss.

In spite of such difficulties, Mr. Joseph F. Snyder, Household Director, was able to put the kitchen in operation before school opened, having solved the many problems connected with the purchase and installation of furniture and kitchen equipment.

The dining hall is painted a light cream shade, and red curtains and a red molding stripe give it brightness and color. The tables and chairs from the old dining hall have been completely refinished in brown and glossy black, and forty-six new armchairs of an early Colonial design have been added for the mas-

ters and ladies of the faculty. The ceiling, which is supported by a series of heavy rafters, is made of a sound-absorbing, cork material.

To serve as a living room, until the other wing of the dining hall unit is built, the west end of the dining room has been divided off by a series of screens. In this room, which includes the large fireplace, Vespers services are held, as well as the receptions after games and the evening meetings of the school. The school has installed a Steinway grand piano. When the rest of the building is completed, it will contain a large living room and a corridor of boys' rooms.

The kitchen, which is on the floor below the dining room, is completely equipped with pastry, baking, and roasting ovens, fryers, grills, toasters, and utility stoves for sauce making and summer cooking. Two large refrigerators and supply rooms provide ample storage space, and there is a special room for the manufacture and storage of ice cream. The entire kitchen is operated by electricity and is thermostatically controlled. The estimated cooking cost of each meal is less than a cent per person.

Food is delivered to the pantry on the floor above, located just off the dining room, by a food conveyor, and hot-tables and cabinets of stainless steel keep foods at required temperatures until they are served.

Rooms for Thirteen More Boys Added to Commons Building

The alterations in Commons were done by Eugene M. Dow of Topsfield, the contractor who built Duncan House three years ago. In place of the former school living room, dining room and kitchen, there are now rooms for thirteen boys. A new apartment of six rooms, which include a large living room, a study, and a kitchenette, is occupied by Mr. and Mrs. Arthur W. Sager. The nursery was completed just in time to welcome the arrival of Mr. and Mrs. Sager's new little daughter Jean.

CARNEGIE FOUNDATION GRANTS MUSIC EQUIPMENT TO SCHOOL

The Carnegie Foundation has recently allocated to Governor Dummer a complete music set consisting of an electrical phonograph and a library of 615 records. This music set will be used extensively by the Glee Club and for study in the music courses. The use of the set, which is installed in the living room, is not limited to actual class use and is available to all members of the school. It has already been used successfully to provide music during dinner.

SPEAKERS AT VESPERS INCLUDE
PALFREY PERKINS, D. W. GREELEY,
AND ROSCOE THOMAS OF GROTON

At the final Vesper service of the Fall term on December 13, the Reverend Dana M. Greeley spoke. Mr. Greeley is the minister at the Arlington Street Church, Boston. His text was "Strait is the gate, and narrow is the way which leadeth unto life."

*Minister of King's Chapel Speaks
on Comradeship*

The Reverend Palfrey Perkins, minister of King's Chapel in Boston, spoke at Vespers on January 31. Mr. Perkins spoke of the happiness to be had in the comradeship which plays such an important part in school life.

Mr. Arthur B. Perry of Milton Academy

At the Vespers service on March 15, Mr. Arthur B. Perry, Principal of the Boys' School in Milton Academy was the speaker. Mr. Perry spoke of the dangers of taking things for granted. He emphasized the fact that many of the students on Deans' lists in the colleges are boys from small high schools, and he suggested that boys from private schools often develop superiority complexes and consequently do not show the achievement in their college work of which they are capable.

Dr. Park of First Church, Boston

Dr. Charles E. Park of the First Church in Boston was the speaker on May 1. In a stirring plea for the development of character, Dr. Park showed that the teaching of Christ was directed at man's character rather than at his deeds.

Rev. Henry Ogilby of Brookline

The Reverend Henry McF. Ogilby of Brookline was the Vespers speaker on May 23. Taking physical blindness as his topic, Mr. Ogilby spoke of the spiritual blindness which all men are likely to have without realizing it. He pointed out that Jesus performed most of his charitable acts with the motive of bringing light to the blind spots in man's spiritual life.

Mr. Roscoe Thomas of Groton School

Mr. Roscoe Thomas of the faculty of Groton School was the speaker at the last Vespers of the term on May 6. Using a mathematical formula, Mr. Thomas showed that a balance must be maintained between material and spiritual changes, which are variables, in order that the constant factor of a good life may be maintained.

ADVANCED ARITHMETIC STUDY
TO BE TAUGHT IN NEW COURSE
SPONSORED BY MR. F. P. GARVAN

Important additions to the mathematics curriculum have been made this year at Governor Dummer. The study of arithmetic, both review and advanced, is now incorporated in each of the school's courses in mathematics. Two sections of a new course in special advanced arithmetic, taught by Mr. William H. Mitchell, head of the mathematics department, are now offered in addition to the courses heretofore, included in the curriculum. A new course in bookkeeping, taught by Mr. Leslie Lacey, has also been added.

An increase in the teaching staff, which these new courses necessitate, has been made possible by a gift from Mr. Francis P. Garvan of New York, President of the Chemical Foundation, Inc. This foundation was first organized by President Wilson and Mr. Garvan at the close of the World War, and was established for the purpose of promoting the study of chemistry and its uses in the United States.

Scientific Studies Require More Training in Arithmetic

The faculty and Mr. Garvan have long shared the opinion that the study of arithmetic as a mathematical science is worthy of more emphasis than is generally given it in school curriculums, and the new courses in advanced arithmetic have accordingly been added to the other mathematics courses.

Mr. Garvan has encouraged the addition of the study of arithmetic to the regular material studied in all mathematics courses, because he believes, as do Mr. Eames and all the mathematics and science teachers, that many boys are attempting to learn algebra, geometry, chemistry, and physics, with an inadequate working knowledge of arithmetic.

The school hopes to correct this lack by teaching arithmetic throughout the four-year course in mathematics, giving a complete background of arithmetic by the end of four years' study.

SCHOOL SEES PAINTINGS OF
NATIONAL ACADEMY ARTIST

An exhibition of oil paintings by Mr. Charles H. Woodbury was on display in the dining hall for the last two weeks of the winter term. An outstanding member of the National Academy, Mr. Woodbury won the Academy's \$1,000 prize in 1932.

Photograph by Robert Schumann

MR. KIRK OPENS GOVERNOR DUMMER'S 1937 SCIENCE SHOW

Behind the Symbols of Science's Immortals, Members of Physics and Chemistry Classes Stand Ready to Perform A Wide Range of Experiments.

COLORFUL EXPERIMENTS FEATURE
SCHOOL'S ANNUAL SCIENCE SHOW

STEAM ENGINE, TESLA COIL, OSCILLOGRAPH,
EXPLAINED AND DEMONSTRATED

On March 5, the members of the science classes gave the third annual Science Show in the Lang Gymnasium. A long laboratory table, which stretched the length of the gymnasium, was covered with white cloth and decorated with the symbols and names of chemists and physicists. Acting as a director of experiments, Richard Curtis introduced the students and assisted in describing the various experiments as they were performed.

Leonard Ellis demonstrated oxidation in a series of experiments using sodium peroxide and pyrophoric lead. Henry Cleaveland worked with chemical precipitates and also showed the effect of atomic rays on photo flash bulbs.

Benjamin Joy gave an account of the history of the development of the steam engine from Hero's engine to the present day. Explaining the principles of the steam engine, John Pettibone demonstrated a horizontal reciprocating engine and small model boiler, equipped for efficiency testing with a gas meter and a Prony brake. The working model of the engine used was bought by Mr. Kirk from a master machine maker who built it over twenty years ago. Pettibone also did an experiment with Knipp's tubes and a heat solution experiment using ammonium nitrate as a solute.

The most spectacular experiment of the evening was made by Leonard Poor with a large Tesla coil. The coil itself was constructed in the physics laboratory and was the result of several weeks' exacting work.

By means of transformers, 110 volts were stepped up to 500,000 volts, and frequency was increased from 60 cycles per second to about 2,000,000 by a spark discharge and condenser. At this stage the electricity could be harmlessly passed over the body of the operator instead of through it, and Poor led off sparks from the Tesla secondary coil which were over twelve inches long. Glass, usually a good insulator, was easily punctured; wood, paper, and gas were ignited. Various colored light effects were made by the discharge through tubes containing rare gases.

HARTFIELD AND CARPENTER WIN
TIME CURRENT AFFAIRS TEST

A comprehensive test, covering important current affairs of the last half of 1936, was taken by more than forty boys and twelve members of the faculty on Sunday, January 24. The test, sponsored by *Time* magazine, was prepared by two professors of the University of Minnesota.

Out of a possible 105 points, David Hartfield scored 88 to win the contest. The prize awarded by *Time* is a copy of *Inside Europe* by Gunther.

MANY SENIORS MAKE VISITS TO NEW ENGLAND COLLEGES DURING THE SPRING TERM

Groups of Seniors have visited three colleges this term to attend reunion dinners with the Governor Dummer Clubs in the colleges.

Accompanied by the headmaster, Mr. Nash, and Mr. Allen, four boys went to Dartmouth on April 12. Robert Ogg, Chandler Fuller, Benjamin Joy, and Harris Richardson made the trip. Also at the dinner of the Governor Dummer Club of Dartmouth, which was held at the Outing Club, were the following graduates of the school: Dana Douglass, Calvin Eldred, Thomas Willins, Fred Ingersoll, Venning Davis, John Graham, Harvey Stronach, Wells Bates, Harry McCready, Frederick Mowatt, Fred Fuld, Stafford King, and Benjamin Stewart.

Alumni Dinner Held at Amherst

Headmaster Eames, Mr. Kirk, and Mr. Mercer took nine Seniors to Amherst on April 21. These were Charles Callanan, Theodore Bergmann, Edwin Murphy, Frederick Lovejoy, John Bixby, Woodbury Smith, Donald Kirkpatrick, and Henry Cleaveland.

The alumni dinner was held at the Chi Psi Lodge. Graduates of the school who attended were Seth Martin, Andrew Linscott, Warren Johnson, Clyde Cristman, Peter Kitchell, Robert Kitchell, David Harris, Frederick Zins, Donald Hastings, and George Bovenizer.

On April 26, Randolph Barrett, Donald Gibbs, Edward Hastings, and Woodbury Smith visited Williams with Mr. Navins and Mr. Mercer. The group stayed overnight at the Delta Psi House. George Tryon made the plans for the alumni dinner which was attended by fifteen alumni of the school and Mr. William Fowle, formerly on the faculty at Governor Dummer.

ANDOVER FACULTY ARE GUESTS OF HEADMASTER AND FACULTY

Last evening, May 7, the Headmaster and the members of the faculty were hosts to members of the faculty of Phillips Academy at Andover at dinner in the new dining hall. Dinner was served at 7:15 p. m. following the regular school meal, and the guests were entertained by the masters. The Glee Club under Mr. Sager's direction sang a group of songs which was appreciatively received by the guests.

THE ARCHON STAFF CELEBRATES PAPER'S 53d YEAR WITH DINNER MAXWELL A. KILVERT, '85, SPEAKS

Holding its first official annual dinner, the members of the Business and Editorial Boards of THE ARCHON celebrated last Saturday night at Ye Cock & Kettle in Seabrook, New Hampshire. The affair was in charge of a boys' committee made up of David Hartfield, Grey Emmons, Richard Curtis, and Richard Schanzle.

Guest of honor at the dinner was Mr. Maxwell A. Kilvert of the class of 1885. While a student at the Academy, Mr. Kilvert played on the baseball and football teams and was valedictorian of his class. Of particular interest to THE ARCHON's staff was the fact that it was Mr. Kilvert who founded THE ARCHON in 1885, giving the paper its name and acting as its first Editor. Forming a link between the first ARCHON and the first ARCHON dinner, Mr. Kilvert spoke of the early days of the paper and his experiences in starting on its career the paper which closes its 53d year of publication this year.

Acting as Toastmaster, Co-Editor Putnam Flint also introduced Mr. Thomas Mercer of the faculty whose speech was witty and entertaining.

Other guests at the dinner were Mr. Oliver Audet of the Herald Press, printers to THE ARCHON, and Mr. L. R. Kirk.

A special "Staff Dinner Issue" of THE ARCHON, printed in a limited edition of thirty-one copies, was distributed to the members of the staff and guests.

REVEREND ASHLEY DAY LEAVITT GIVES BACCALAUREATE ADDRESS

On Sunday, June 6, the Reverend Ashley Day Leavitt of Harvard Church, Brookline, addressed the Senior class at the Baccalaureate service held in Adelynrood Chapel. The Reverend Glenn Tilley Morse of West Newbury conducted the service.

An important aim in life is to keep faith, said Mr. Leavitt, and to achieve this ideal requires consideration of three approaches. We must keep faith with the heritage of courage and integrity of our forebears, and with the standards which have been handed down to us. We must also justify the dependability which our fellowmen ascribe to us.

Most important of all is the effort to keep faith with ourselves, benefiting by whatever errors may occur to strengthen conscience and assure certain, honorable action for the future.

Photograph by George M. Simson

NIGHT VIEW OF CAMPUS FROM PERKINS HOUSE

GRADUATES ATTEND ALUMNI WEEK-END IN SPRING TERM

Over the week-end of May 15, a great many of the recent graduates of the Academy returned to South Byfield for the first Alumni week-end. Saturday morning's weather was rather dubious, but the sun was shining in time for the baseball game between the school team and a team comprised of the graduates and captained by Howard J. Navins, '31. The final score was 6 to 1 in favor of the Alumni.

Following the game, the Glee Club and the former Club members practiced for the concert which was given on Saturday evening.

At the evening meal, at which the Alumni were entertained by the faculty and the boys, Mr. Eames welcomed the old boys, and John Young, '31, spoke for the former students.

After dinner, the Glee Club gave the annual home concert for the benefit of the Byfield Parish Church. The former members of the Club joined the present Club in two medleys, one of college songs, and the other consisting of *Stand Up and Cheer, On Governors*, and the *Senior Song*.

The combined groups totaled over eighty voices, and the audience, which numbered over three hundred, received the selections

enthusiastically. Following the concert, the Alumni were entertained by Mr. and Mrs. Eames and the faculty at a reception in the new dining hall.

Many of the old graduates remained at the school over night, and were accommodated in Peirce Hall, Commons, Duncan House, and the Mansion House.

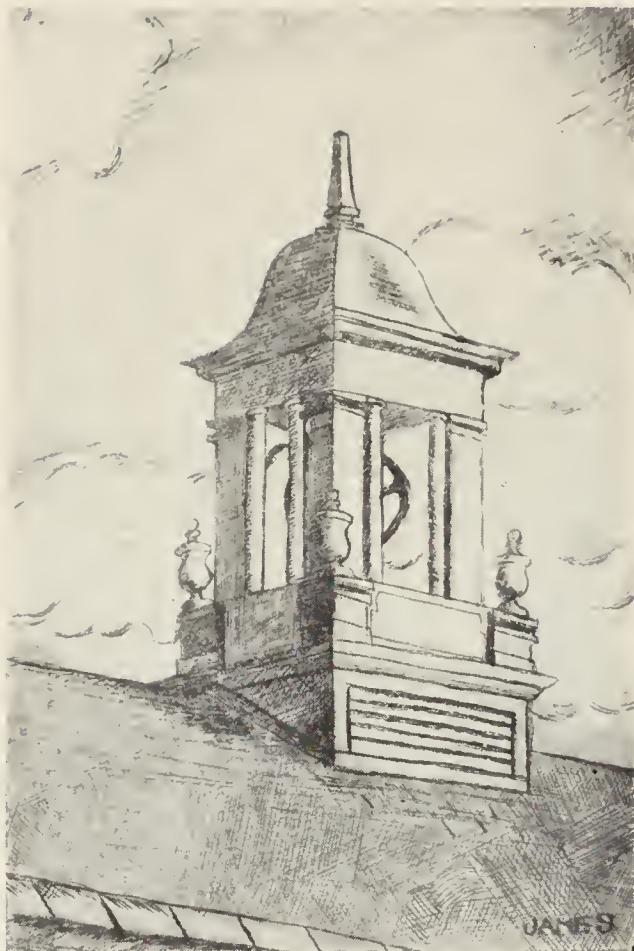

FULLER AND HARRIS TO ATTEND IRISH AND GERMAN SCHOOLS

Two members of the class of 1937 will attend schools in foreign countries next year as representatives of the International School-boy Fellowship, of which Governor Dummer is a member.

Chandler Fuller of West Newton has been selected among fifteen American school boys who will attend schools in the British Isles.

Fuller has been chosen to be the representative of this country at Campbell College, Belfast, Ireland. Other schools include Christ's Hospital, Westminster, St. Columba's, Rugby, and Clifton.

Sheldon Harris of Penacook, New Hampshire, will be the exchange student who will go to Germany, and for the third year a German boy will come to Governor Dummer in September.

SCHOOL HOUSE BELL

An etching by Stanley James, who won the second award for painting in the Exhibition now on display in the Library.

PHOTOGRAPHY CLUB FOUNDED; PICTURE CONTEST ANNOUNCED

The Photography Club held its first meeting on October 18 and elected a temporary executive committee composed of Robert Schumann, Brooks Merritt, and Colgate Stockton, under the advisorship of Mr. Morey Eames of the faculty, and plans for the year were presented. Among the officers elected were Frederick Lovejoy, *Treasurer*; Minot Hubbell, *Librarian*; Hugh Byfield, *Secretary*; and John Pettibone, *ARCHON* and *Milestone Representative*.

DR. ROEMMERT LECTURES ON MICROSCOPIC PLANT LIFE

Dr. Georg Roemmert lectured to the school on January 9th, presenting his "micro-vivarium." Using a powerful microscope, Dr. Roemmert projected on a screen images of microscopic plant life. The images, projected through slides of water, were large enough to show clearly the digestive process in living organisms.

STAMP COLLECTORS FORM CLUB, DAVID HUNTER FIRST PRESIDENT; PROMINENT PHILATELISTS SPEAK

Stamp collectors have organized a club which held its first meeting on November 22. David Hunter was elected to serve as the club's first president. Mr. Barry is the faculty adviser of the new organization.

Boston Transcript Editor Lectures

Mr. Haughton Sanguinetti, Stamp Editor of the *Boston Evening Transcript*, talked to the members of the Stamp Club on Sunday afternoon, April 18. Mr. Sanguinetti displayed many philatelic rarities and told the interesting stories behind the stamps.

Mr. Heyliger de Windt Shows Collections

On April 25, Mr. Heyliger de Windt, a partner in the Boylston Stamp Company, talked to the Stamp Club and showed several interesting sections of his personal collection. Mr. de Windt showed and explained a fine collection of early U. S. covers and a unique collection of fancy registered mail cancellations.

LARGE NUMBER OF GUESTS ATTEND FALL TERM DANCE

On Saturday evening, December 12, a school dance was held, which was attended by thirty-six couples and many stags. This is a larger attendance than a dance has ever had in the past. Music was furnished by Ruby Newman's orchestra of Boston. The new dining hall where the dance was held was decorated by the Dance Committee with Christmas trees, lights, and greens.

Members of the Dance Committee were Clark Neily, *Chairman*, Howard Barnet, Windsor Frost, Theodore Lacey, Arthur Ross, Richard Schanzle, Peter Van Voorhis, Huntington Worth, and Russell Potter.

DONALD MacMILLAN SPEAKS ON ESKIMO LIFE IN ARCTIC

Commander Donald B. MacMillan, Arctic explorer, lectured in the Noyes Library on Sunday afternoon, January 17. Mr. MacMillan was introduced by Putnam Flint, whose brother was a member of a MacMillan exploring party a few years ago. Mr. MacMillan's lecture was supplemented by slides showing the life of the Eskimos in the far North. Glaciers and their movements were described and the speaker explained the reason for there not being much snow at the North Pole, which is the almost complete absence of moisture.

SCHOOL SPENDS WEEK-END AT WATERVILLE VALLEY, N. H.

SNOW TRAIN TAKES 120 BOYS, 20 MASTERS, TO SNOW BELT FOR WINTER SPORTS

A week-end of winter sports was enjoyed by nearly the entire school last week at Waterville Valley, New Hampshire. Leaving Newburyport at 3:30 on Friday afternoon, a special snow train carried 120 boys and eighteen masters into the snow country, arriving at Campton, New Hampshire, at 8:30 p. m. Supper was served on the train. From Campton, the group was transported fourteen miles to the Waterville Inn in a fleet of trucks.

After breakfast the next morning the entire group tried out a variety of sports—skiing, tobogganing, snow-shoeing, and skating, with skiing being the most popular. There was plenty of snow, and a light fall which continued all morning kept the hills and trails in perfect condition.

Two hours of ski instruction was given by Mr. Francois Bertrand, an instructor from Otto Schneider's Ski School.

A group of masters and boys, climbed nearby Mount Tecumseh on snow-shoes, with Mr. Jacob, the faculty's ace mountain-climber, setting the pace in the three-hour ascent. Mr. Kirk led a group of tobogganers, and set the record for the fastest run with a team of three other heavy-weights.

During the afternoon, a downhill race against time was held on a fast 1850-yard trail, with Benjamin Joy and Sheldon Harris tying for first place with the time of 27.5 seconds. Mr. Andrew Jones, who will join the faculty next term, made the fastest unofficial time of 25 seconds, while Mr. Barry crossed the finish line horizontally after what many observers considered the most spectacular and unconventional descent of the afternoon.

In the evening after dinner, movies were shown of the Boston Bruins demonstrating various phases of the game in the Boston Garden. Mr. Arthur Ross, Sr., loaned the reels, and John Ross gave a running explanation of the pictures as they were shown. An excellent talk was given by Mr. Edward Hunter of Hanover, New Hampshire, father of Ted Hunter who was a member of the Olympic team last year which competed in Germany.

Many of the boys were out on the trails before breakfast on Sunday morning, and skiing continued actively all morning until it was necessary to leave to board the special train at Campton at noon.

Photograph by Putnam Flint

GOVERNORS AT WATERVILLE VALLEY

Mr. Lacey and boys at Top of Mt. Tecumseh, which they climbed during the school's week-end at Waterville Valley, N. H.

PRESIDENT OF GENERAL FOODS CORPORATION ACADEMY TRUSTEE

Mr. Clarence Francis of Bronxville, New York, is a newly elected member of the school's Board of Trustees, it was announced this summer by Mr. James Duncan Phillips, President of the Board. Mr. Francis is the father of Richard Francis who attended Governor Dummer for two years, graduating in the class of 1936. At the Commencement Dinner last June, Mr. Francis was one of the speakers.

Mr. Francis, a graduate of Amherst College in the class of 1910, is President of the General Foods Corporation and a member of the Advisory Council of the U. S. Department of Agriculture.

GLASS AND INSTRUMENT MAKERS LECTURE TO SCIENCE CLASSES

On Sunday afternoon, February 21, Mr. Roland Feiber of the Feiber Instrument Co., Cambridge, Mass., gave a demonstration in the Noyes Library. He gave a very interesting talk on meteorology and demonstrated the Harvard Radio-Meteorograph which was developed at Blue Hill Observatory.

Sunday afternoon February 28, in the Noyes Library, Mr. Joseph Rossette gave a demonstration of laboratory glass blowing in the members of the science classes. This is the first of several visits that Mr. Rossette is making to the school. During the spring term he plans to instruct those boys who are interested in glass blowing in some of the finer aspects of the art.

THE ARCHON

VOLUME XXIV

NUMBER 7

Published six times yearly at the Herald Press
Newburyport, by the students of Governor Dummer
Academy, South Byfield, Massachusetts.

EDITORIAL

With this issue of THE ARCHON, another school year comes to an end. There have been many outstanding features of the year just past, and Commencement Day is a good time to take count of some of the forward steps which have been taken by the school.

Item One: The new dining hall, a part of the proposed new building, has been built by the efforts of the school's many friends.

Item Two: Two new sports, soccer and lacrosse, have been added to the other regular organized athletics.

Item Three: Alumni interest in the school has increased measurably during the year, as has been indicated by the large groups of graduates who returned for the alumni gatherings in the winter and spring terms.

Item Four: THE ARCHON held its first staff dinner, an event which also marked the appearance of a new two-color cover.

Item Five: At the end of the winter term the entire school enjoyed its first winter sports week-end at Waterville Valley, New Hampshire.

New things come and old things go. The increasing success of a school lies in things such as these, and we may take considerable satisfaction in this past year as a really successful one.

H. F. C.

More Briefly

John Wells, '36, received honors in each of the three Plan A examinations which he took in June for admission to Harvard. Julian Hess, '36, received honors in French and English on the Plan B examinations for Harvard, and Burton Machinist had an honor in French. Robert McMenimen, '36, former editor of THE ARCHON, received an honor in English for admission to Princeton.

* * *

Governor Dummer was represented in the seventh annual Interscholastic Yacht Races at Marion, Massachusetts, last summer by a crew made up of Dick Pierce, skipper; Dave Poor, and Len Poor. The crew sailed several fine races but was unable to finish at the top of the twenty-two private school crews which competed.

* * *

A group of boys visited Amherst College on December 3 and attended the annual Sphinx Club dinner with which the College honors its football team each year. Mr. Kirk of the faculty accompanied the boys who were Thomas Johnson, Clark Neily, Charles Callanan, Theodore Bergmann, Robert Redburn, Donald Kirkpatrick, and Henry Cleaveland.

* * *

A group of five boys and Mr. Iglehart attended the Winter Carnival at Kimball Union Academy, Meriden, New Hampshire, on February 6. The Governors scored one point in the ski meet, with Sheldon Harris placing fourth in the jumps, while Kimball Union won with a total of 31 points.

* * *

Mr. Walter H. Kilham, the school architect who designed the new building, talked at the evening meeting on January 19. A collection of Mr. Kilham's watercolor sketches have been on exhibition in the dining room, and the artist explained his interest in painting as a hobby.

* * *

On Saturday, December 5, an exhibition of fencing took place in the gymnasium, the participants being Mr. Rene Peroy, Coach of the Harvard fencing team. Mr. John Hurd, Mr. Richard Morgan, and Mr. Dana Allen of the faculty.

Mr. Peroy and Mr. Hurd opened the exhibition by executing the grand salute, an exercise which has been used to open tournaments since the beginning of the sport.

THE START OF THE ANNUAL HARE AND HOUND RACE

1937 *MILESTONE* PRESENTED;
DONNELLY GIVES CLASS GIFT

At the Senior Sing which was held last night, Putnam Flint, Editor of *The Milestone*, announced that this year's edition of the year-book was dedicated to Mr. Joseph N. Dummer. Mr. Dummer, a descendant of William Dummer who founded the Academy, has been a member of the school's board of Trustees since 1906. For many years he has served as Secretary of the board.

President Edward Donnelly of the Senior class presented the class gift to the school which is a sum of money to be used for the purchase of two drinking fountains to be installed in Parsons School House and the gymnasium.

An impressive part of the Sing was the singing of the *Senior Song* by the members of the graduating class as they filed by the milestone on the campus. Seniors and their guests were entertained by Mr. and Mrs. Eames in the dining hall following the ceremony.

HARVARD CLUBS GIVE CONCERT

On Saturday evening, December 5, the school was entertained by a concert by the Harvard University Instrumental Clubs. Selections by the Gold Coast Orchestra, the Mandolin Club, and the Vocal Club made up a varied program.

HANS LUFT SPEAKS TO SCHOOL,
RECEIVES FAREWELL PRESENT

Hans Luft, German Exchange student at Governor Dummer this year, spoke at the evening meeting on December 2, describing the military manoeuvres as conducted in German schools. German boys are made acquainted with the various parts of Germany by the manoeuvres and thereby become familiar with the various local dialects used in various parts of the country.

On December 4, Hans spoke again, and he was presented with a farewell gift from the boys in school. The gift was a regulation football on which were inscribed the names of the Moody House boys and football squad.

LARGE GROUP OF RUNNERS
IN HARE AND HOUND RACE

The annual hare and hound race, which was held on Saturday, November 21, was won by Degen House and the first floor of Peirce Hall.

The winning team had a steak dinner on Saturday night. Hans Luft and Jack Bell, the hares, laid an intricate and rough trail which ran through most of the country surrounding the school.

The individual winners were Ed Brush and Len Poor. Mr. Lacey of the faculty was in charge of the race.

THE OLD KITCHEN IN THE MANSION HOUSE

This Room Provides a Convenient Place for the Headmaster and Teachers to Meet Informally with Small Groups of Boys.

FOOTBALL TEAM LOSES FINAL TO MOSES BROWN BY 7 TO 6 SCORE

Moses Brown downed the Governors in the last game of the season, 7 to 6, on Saturday, November 14, in the hardest fought game of the year.

This game was the first loss the squad has had throughout the season, but was, without any doubt, the closest game of the fall. The Governors' scoring was done in the first period by Callanan on a fifty-five yard sprint, and because of a faulty place kick the team failed to score the seventh point. Moses Brown, a much larger team, scored a touchdown also in the first period, and with a beautiful place kick, gained the extra score, thereby leading by one point.

The team made a steady march toward Moses Brown's goal during the last few minutes, but failed to score again before the final whistle.

TEAM COMPLETES EIGHT FORWARD PASSES TO BEAT TABOR ACADEMY

With a strong wind blowing and lots of rain falling, the Governor Dummer eleven defeated Tabor Academy by a 19 to 0 score at Marion, on October 17.

Scoring once in each of the first three quarters, the Governors proved the superior team, making ten first downs and completing eight out of ten forward passes attempted. With fine support from the backfield and a strong line, Dick Curtis did the scoring. Only once in the third quarter did Tabor really threaten. After Tabor had intercepted a pass on the Governors' five-yard line, the Governors tightened up to hold their opponents for four downs.

THAYER FAILS TO SCORE ON HARD-DRIVING GOVERNORS

Playing its third consecutive game on a rain-drenched field, Governor Dummer had little difficulty in overcoming Thayer Academy, 18 to 0, at South Braintree on October 23.

The team took an early 2 to 0 lead in the first few minutes of play by making a safety. A touchdown by Joe Hoague came soon after. In the second and third periods, powerful drives to the Thayer goal line added two more touchdowns to the Governor's total with Callanan and Hoague putting over the touchdowns for Governor Dummer.

SIX ROMPS IN BOSTON GARDEN TO DOWN THAYER ACADEMY, 7-1

Playing in the Boston Garden for the second time this season, the hockey team swamped Thayer Academy on February 23 with a 7 to 1 score. The Governors scored three times in the first period and twice in each of the others. Thayer made its single tally near the end of the game.

The first score was made by Len Poor on an assist from Bob Cox, and Roger Conant sank the second goal assisted by Poor. Cox made the third score of the period unassisted.

In the second period, Curtis scored, and the Conant-Poor combination again broke through Thayer for a goal. Conant tallied again in the last period, and John Ross ended the Governor's scoring spree on an assist from Phil Lees.

GOVERNORS BATTLE TO TIE WITH DEERFELDIANS ON GARDEN ICE

The Governor Dummer hockey team battled to a scoreless tie with Deerfield Academy in the Boston Garden on March 2. The Governors showed pressing offensive attack all through the game, but were unsuccessful in sinking a goal.

The defensive play shown by both teams was very strong. Dick Curtis, John Ross, and Art Ross did a fine job of keeping the puck away from the danger zone.

CROSS-COUNTRY RUNNERS END SEASON WITH CLOSE VICTORY

On Saturday, November 2, a strong Andover Second cross-country team defeated the Governor Dummer harriers by a 43 to 62 score. The meet was run over a 2.4 mile course. The day was not without glory for the Governors, however, with Jack Bell finishing in first place in 13 min. 29 sec. and Ed Brush following him to the tape in 13 min. 48 sec. Both runners bettered the old record of 14 min. 19 sec.

SCHOOL'S FIRST SOCCER TEAM CLOSES FOUR-GAME SCHEDULE

The soccer team lost to Brooks School of North Andover, 3 to 1, in a game played at North Andover on November 10. Somerby scored the losers' only goal in the opening period. Minot Hubbell played a fine game defensively.

BASEBALL TEAM WINS FIRST FROM GROTON SCHOOL, 13 - 3

Governor Dummer's baseball team opened its 1937 season with a decisive victory over Groton School at Groton on April 17. The final score was 13 to 3.

The Governors scored first in the second inning and tallied in each inning thereafter excepting the seventh. The team got eleven hits to Groton's five, with John Carver and Bob Cox chalking up three hits and two respectively.

Carver started on the mound and allowed but one hit in four innings. Olaf Olsen pitched well for the rest of the game, allowing four hits.

SIMONS SCORES FIVE GOALS AS LACROSSE SEASON ENDS

The Governor Dummer lacrosse team ended its season on May 28 with a 6 to 5 loss to the Exeter second team. At first appearance Exeter seemed to have a superior outfit as they sank two quick goals soon after the game started and led at the half 4 to 2. The school team, however, turned the tables in the second half and outplayed their opponents although they could not even up the score. A great deal of credit should go to Captain Russ Simons who scored all five of our tallies and whose drive has spurred the team on throughout the season. Gordon Ellis and Pen Hildreth on the defense also played exceptionally well.

GOLF TEAM LOSES TO CLUB ON OULD NEWBURY COURSE

In its annual match with the members of the Ould Newbury Golf Club, the school golfers lost on May 22 by a 12½ to 5½ score.

Allen Dodge and Russ Potter were paired against their fathers, who played for Ould Newbury, and were beaten, 2 to 1. Carpenter and Joy split their match and won 1½ points, while Hubbell and Brehm, and Pierce and Van Voorhis added one point each.

WRESTLERS LOSE TO A MORE EXPERIENCED EXETER TEAM

The wrestling team opened its season on Saturday, January 23, at Exeter, losing to a more experienced team, 26 to 5. Captain Ed Hastings did a fine job in his match, pinning Exeter's 145 lb. Gobson with a bar arm in 1m 50s.

ANDOVER NOSES OUT GOVERNORS IN WELL-PLAYED 9 TO 7 GAME

Playing host to the Phillips' Academy baseball team from Andover on Saturday, May 8, the Governors lost a close game 9 to 7.

Gaining an early lead the home team scored four runs in the first two innings by using its batting power. A run in the fourth and two in the sixth pulled the Governors into a 7 to 6 lead after the score had see-sawed back and forth for several innings. Governor Dummer's hitting was limited in the last innings when Andover employed their strongest pitcher. Errors by the Governors allowed Andover to gather three runs in the eighth inning to win.

Ed Donnelly and Red Callanan both had a good day at bat, the former sending out two home runs. Olaf Olsen turned in a good performance pitching and batting.

TEAM LOSES TO HARVARD '41 IN CLOSE BASKETBALL GAME

On Saturday evening February 6, the Governor Dummer basketball team lost a fast and close contest to the undefeated Harvard Freshmen team, 51 to 39. The score in no way indicates the closeness of the game for the score was fluctuating back and forth in favor of both teams. The Governors did the majority of their scoring in the second and third periods coming from 6 to 7 at the end of the first quarter to 20 to 25 at the half. The home team did a fine job in coming back in the second half to make it 33 to 34 as the third chapter closed.

Joe Hoague and Russ Simons were out of the game in the final period, and Harvard sank seventeen points in their absence. Credit goes to the entire team for showing fine, clean, and scrappy playing. Ed Donnelly and Russ Simons were high scorers for the Governors, and Legg and Lutz led the Harvard scoring.

CURTIS SECOND IN HARVARD MEET

Dick Curtis was Governor Dummer's sole entry in the Harvard Interscholastic track meet at Cambridge on May 22. With a throw of 165 feet, 7 inches, Curtis won second place in the javelin event.

The track team's most versatile athlete, Curtis has been high scorer for the season, and he was awarded the Track Prize. Although the javelin is his favorite event, he has competed and placed in the dashes, broad jump, low hurdles, the shot put, and the discus throw.

Roster of Governor Dummer Academy

1936 - 1937

BOARD OF TRUSTEES

Mr. James Duncan Phillips, <i>President</i>	Boston
Dr. Arthur W. Ewell, <i>Vice President</i>	Worcester
